

AMENDMENT NO. 2
TO AGREEMENT DATED DECEMBER 19, 1995
BETWEEN THE CITY OF REDLANDS AND
TOM DODSON & ASSOCIATES

TASK ORDER 4a

ENVIRONMENTAL SERVICES

This amendment authorizes the Consultant to perform services as defined in Attachment 1 - Task 4a, in accordance with the Agreement dated December 19, 1995, for environmental services in connection with the California Street Landfill.

This Amendment makes the following changes to the Agreement; all other provisions of the Agreement remain in effect.

Section 1. Engagement of Consultant

The Scope of Tasks is amended to include Attachment 1, which defines the scope of work for environmental services associated with the California Street Landfill.

Section 2. Responsibilities of the City

No Changes.

Section 3. Period of Service

The time period for performance of the Consultant's services under this Amendment is set forth in Attachment 1.

Section 4. Payments to Consultant

The total compensation to perform work under this Amendment shall be in accordance with Attachment 1.

Section 5. Insurance and Indemnification

No Changes.

Section 6. Attorneys' Fees

No Changes.

Section 7. Assignment

No Changes.

Section 8. Drawings and Records

No Changes.

Section 9. Independent Contractor

No Changes.

Section 10. Termination

No Changes.

Section 11. Books and Accounts

No Changes.

Section 12. Entire Agreement

This Amendment No. 2 constitutes a revision to the Agreement, when signed by the parties hereto.

Section 13. Governing Law

No Changes.

IN WITNESS WHEREOF, duly authorized representatives of the parties have signed in confirmation of this Amendment.

Re: Focused Santa Ana River Woollystar (Woollystar) and Slender-horned
Spineflower(Spineflower) survey, California Street storm drain.

Dear Ms. Shatynski,

As we discussed yesterday, the U.S. Fish and Wildlife Service (USFWS) and the U.S. Army Corps of Engineers (Corps) has agreed to accept the results of a Woollystar and Spineflower survey performed at this time of year. This means that rather than waiting until late spring or early summer to determine their presence or absence, we will know immediately if they occur onsite. This is important because a project is not authorized under a Nationwide Permit if it affects a listed species. Based on our previous work in the area, we do not feel these plants occur in the area of the proposed outlet structure. Confirmation of that at this time will allow this project to proceed under a Nationwide Permit rather than waiting until summer to make that determination.

Should these plant species be found, it will be necessary to initiate consultation with the USFWS. This consultation can take up to 180 days to complete and could affect your schedule for constructing the pipeline. TDA, therefore, recommends that we perform the survey at this time. If the plants are found, consultations can be completed in time for the City to construct the project on schedule.

Our present contract on this project, Amendment No. 1 to the TDA Master Agreement does not include this biotic survey. It is identified as a future task. TDA recommends that Amendment No. 1 be revised to include the following scope of services at this time:

TDA will perform a focused Woollystar/Spineflower survey that includes a general biological evaluation of the site. TDA will prepare a report of the findings of this survey. Based on the results of this biological evaluation, TDA will make recommendations to the City on what we feel is the appropriate course of action to secure regulatory permitting of the project. At this time, we feel it will be authorized under a Nationwide Permit. TDA will perform the above scope of services for a fee of \$1,000.00.

I hope you find this proposal acceptable, but should you have any questions or comments, please call.
TDA is prepared to perform the survey immediately after receipt of your authorization to proceed.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill Gatlin", with a horizontal line extending from the end of the signature.

Bill Gatlin
Vice President

Authorization to Proceed
