RE: Permission to End Summer Food Service Program Agreement

Dear Mr. Jaffe,

Thank you very much for your recent letter of reference supporting the ICAN Summer Food Service Program that we sponsored during the summer of 2014 for the City of Redlands and in conjunction with the Boys and Girls Club of Redlands.

The SFSP was very successful and thank you for your leadership and special thanks to Conrad Calbes for his great work in coordinating the program on behalf of the City of Redlands Recreation Division.

As you know we were unable to continue our meal service program to you during the 2014-2015 school years. Therefore our agreement to continue the program through May 20, 2017 is no longer valid. The City of Redlands and the Center for Educational Leadership are no longer contractually obligated under the terms.

However, please feel free to contact us next year to assess if you would like our support in sponsoring another Summer Food Service Program for the summer of 2015. It would be our pleasure to do so.

Again, thank you for the opportunity to service the youth of the City of Redlands with nutritional meals. We look forward to working with you in the future.

Sincerely,

Jerry Johnson
Executive Director
Inland Child and Adult Nutrition
