BETA SITE AGREEMENT
Contract No. 96S2555

This Beta Site Agreement (Agreement) describes the objectives, terms, conditions, and responsibilities for conducting beta testing of ESRI® Software and Related Materials between Environmental Systems Research Institute, Inc. (ESRI), with its principal place of business at 380 New York Street, Redlands, California 92373-8100, and City of Redlands (Beta Site), having its principal place of business at 35 Cajon Street Suite 15A, P.O. Box 3005, Redlands, CA 92373.

1. Reservation of Ownership and Grant of License

ESRI retains exclusive rights, title, and ownership of any beta copy of the Software and Related Materials licensed under this Agreement and, hereby, grants a personal, nonexclusive, nontransferable, royalty-free license to Beta Site solely for the purpose of testing the Software and Related Materials as delivered, in accordance with the terms and conditions herein. This license shall become effective upon receipt of any beta version of the Software and Related Materials and shall terminate upon receipt of the commercial release of the Software and Related Materials from ESRI Customer Service. No authorization is granted to make any modifications or derivatives to the Software and Related Materials.

The preexisting ESRI Software License Agreement(s) with Beta Site are incorporated herein by this reference and are applicable to the beta version(s) of the Software and Related Materials used during the beta testing period. During the term of the Agreement, ESRI reserves the right to supplement and/or add additional license agreement(s) for new software releases(s) as they become available.

2. Proprietary Rights

The Software and Related Materials delivered are proprietary to ESRI and contain trade secrets, inclusive of unpublished specifications. In exchange for the license granted herein, Beta Site agrees to retain all Software, Related Materials, and information delivered or provided to it in confidence until ESRI commercially releases the same, or the license is terminated, and then agrees to conform to the ESRI Software License terms concerning such Software and Related Materials described in Section 5. All rights, title, and ownership in patents, trademarks, copyrights, trade secrets, know-how, or any other proprietary rights in the Software and Related Materials remains exclusively with ESRI.

Beta Site shall not sell, transfer, lease, lend, assign, time-share, sublicense, publish, disclose, display, or otherwise make available the Software and Related Materials in any form, including, but not limited to, flowcharts, logic diagrams, object code, source code, or technical documentation, to any other person or entity without the written permission of an authorized ESRI representative. Beta Site shall secure and protect the Software and Related Materials in the same manner and to the same degree it protects its own proprietary information, using no less than a reasonable standard of care. Beta Site shall allow access to the Software and Related Materials

ESRI is a registered trademark of Environmental Systems Research Institute, Inc.

only for those persons within its organization who have a need to know for purposes of the beta test and agrees to instruct the employees of their obligations hereunder.

3. Beta Testing

At the sole discretion of the Beta Test Coordinator, ESRI reserves the right to determine which Software and Related Materials, subsequent interim beta release(s), and/or patch(es) will be made available to Beta Site to test during the term of the Agreement.

The intended purpose and objective of this beta test is to ensure that the ESRI Software and Related Materials:

- Meet the specifications as identified in its accompanying documentation; and
- Meet Software performance and reliability standards; and
- Meet Software maintainability standards.

Beta Site will provide experienced technical and support staff as needed for the duration of the test, and will complete and forward documentation of its testing program at the request of ESRI. Beta Site will maintain all results of testing in confidence and agrees not to disclose details pertaining to the Software, Related Materials, or test results.

The ESRI Beta Test Coordinator, identified when you receive the Software and Related Materials, will be the contact for user support services. Standard user support service is not available until the Software and Related Materials is commercially released.

The beta test may be discontinued at any time for any reason upon the receipt of written notice by either party. In such event, Beta Site may be requested by ESRI to return all Software and Related Materials provided to it during the beta test.

4. Warranty and Limitation of Liability

THIS SOFTWARE AND RELATED MATERIALS ARE PROVIDED TO BETA SITE "AS IS" AND WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF PERFORMANCE, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE. BETA SITE BEARS ALL RISK AS TO THE QUALITY AND PERFORMANCE OF THE SOFTWARE AND RELATED MATERIALS.

ESRI and Beta Site agree that the Software and Related Materials will be used only for testing purposes. No guarantee is made that the commercial release of this Software and Related Materials will contain the same or similar functionality. ESRI reserves the right to make any change it deems necessary or desirable to the Software and Related Materials, including, but not limited to, changes that make prior data storage methods unreadable or macro language routines inoperable.

ESRI shall not be liable for direct, indirect, special, incidental, or consequential damages related to Beta Site's use of the Software and Related Materials, even if ESRI is advised of the possibility of such damage.

Environmental Systems Research Institute, Inc.
380 New York Street
Redlands, CA 92373
(909) 793-2853

5. Term and Termination of Beta License

The term of the Agreement is from September 1, 1995, to December 31, 1997, which shall be extended as necessary by ESRI. Upon receipt of announcement by ESRI that the beta test for the identified Software and Related Materials is complete, Beta Site will delete all beta versions of the Software and Related Materials from its computer system(s) or network(s), and either return or destroy all remaining Software and Related Materials. **BETA SITE SHALL THEN CERTIFY IN WRITING TO ESRI THAT THE ABOVE STEPS HAVE BEEN TAKEN.**

If the Beta Site has licensed a new release of the Software and Related Materials or is current on its software maintenance, as applicable, by the completion of the beta test, the Beta Site Agreement will terminate and the terms of the then-current ESRI Software License Agreement(s) that accompanies the Software and Related Materials shall have full force and effect or the preexisting ESRI Software License Agreement(s) will remain in effect, including the warranty and limitation of liability provisions therein.

6. Entire Agreement and Amendments

This Agreement and the Attachments which are incorporated by reference constitute the sole and entire agreement of the parties as to the matter set forth herein and supersede any previous agreements, understandings, and arrangements between the parties relating hereto. Except as otherwise expressly provided herein, any amendments to this Agreement must be in writing and signed by an authorized representative of each party.

ATTACHMENT A ESRI SOFTWARE LICENSE AGREEMENT

COMMERCIAL and STATE GOVERNMENTS

Contract No. 96S2555

This is a license agreement and not an agreement for sale. This license agreement (Agreement) is between City of Redlands (Licensee) and Environmental Systems Research Institute, Inc. (ESRI), and gives Licensee certain limited rights to use the proprietary ARC/INFO® software, extensions, and related materials (Software and Related Materials). All rights not specifically granted in this Agreement are reserved to ESRI.

Reservation of Ownership and Grant of License: ESRI retains exclusive title and ownership of any copy of the Software and Related Materials licensed under this Agreement and, hereby, grants to Licensee a personal, nonexclusive, nontransferable license to use the Software and Related Materials pursuant to the terms and conditions of this Agreement. From the date of receipt, Licensee agrees to use reasonable effort to protect the Software and Related Materials from unauthorized use, reproduction, distribution, or publication.

Copyright: The Software and Related Materials are owned by ESRI and are protected by United States copyright laws and applicable international treaties and/or conventions. Licensee agrees not to export the Software and Related Materials into a country which does not have copyright laws that will protect ESRI's proprietary rights.

Definitions: As used herein, the following words, phrases, or terms in this Agreement shall have the following meanings:

"Software" means the actual copy of all or any portion of the computer programs delivered on the Software Media Kit, inclusive of backups, updates, or merged copies permitted hereunder or subsequently supplied by ESRI.

"Related Materials" means all of the printed materials, user documentation, training documentation, and confidential software activation code supplied by ESRI under this Agreement.

"License Manager" is the installed software program that administers the distribution of the licensed number of Software copies to requesting end users.

Permitted Uses:

- ESRI employs a nondestructive License Manager to limit use of the licensed Software to specific computer networks and/or computer systems. As each configuration of central processing units and/or networked systems may be unique, Licensee agrees to conform Licensee's use of the Software to the Software system configuration licensed from ESRI. Said configuration is incorporated herein by this reference, inclusive of any written modifications approved by ESRI.

ARC/INFO is a registered trademark of Environmental Systems Research Institute, Inc.

- Licensee may install the Software onto the licensed computer systems.
- Licensee may make only one (1) copy of the Software for archival purposes unless the right to make additional copies is granted to Licensee in writing by ESRI.

Uses Not Permitted:

- Licensee shall not sell, rent, lease, sublicense, lend, time-share or transfer, in whole or in part, or provide unlicensed Third Parties access to prior or present versions of the Software and Related Materials, any updates, or Licensee's rights under this Agreement.
- Licensee shall not reverse engineer, decompile, or disassemble the Software, or make any attempt to unlock or bypass the License Manager software program used.
- Licensee shall not alter, modify, or create any derivative works of the Software and Related Materials.
- Licensee shall not make additional copies of the Software and Related Materials.
- Licensee shall not remove or obscure any ESRI copyright or trademark notices.

Assignment: Licensee shall not assign this contract or Licensee's rights hereunder without the prior written consent of ESRI. Any purported assignment without such consent shall be null and void.

Term: The license granted by this Agreement is for a term of three (3) years, which will be automatically renewed for subsequent three (3) year terms subject to ESRI's then current licensing policies. The Agreement will automatically terminate without notice if Licensee fails to comply with any provision of this Agreement. Licensee will then return to ESRI the Software, Related Materials, and any whole or partial copies, codes, modifications, and merged portions in any form. The parties hereby agree that all provisions, which operate to protect the rights of ESRI, shall remain in force should breach occur.

Software Support: A one (1) year complimentary period of support is provided with each license effective from the date of keycode issuance. Support consists of software and documentation updates and access to Telephone User Support and other benefits that are specified in the current ARC/INFO User Support Policy. Software support beyond the complimentary period is available, payable yearly in advance, and subject to rates and policies then in effect.

Limited Warranty: ESRI warrants that the unaltered Software will substantially conform to the Related Materials for a period of one (1) year from the date of keycode issuance. ESRI warrants that the media upon which the Software is provided and Related Materials will be free from defects in materials and workmanship under normal use and service for a period of ninety (90) days from the date of receipt.

ESRI DISCLAIMS ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO THE SOFTWARE AND RELATED MATERIALS.

Exclusive Remedy and Limitation of Liability: During the warranty period, ESRI's entire liability and Licensee's exclusive remedy shall be, at ESRI's option, to attempt to correct or work around errors, to replace the Software and Related Materials in accordance with the ESRI ARC/INFO User Support Policy, or to return the license fees paid and terminate the Agreement upon the Licensee returning the Software and Related Materials to ESRI or its Distributors with a copy of Licensee's receipt. ESRI shall not be liable for indirect, special, incidental, or consequential damages related to Licensee's use of the Software and Related Materials, even if ESRI is advised of the possibility of such damage.

Indemnity: ESRI, at its own expense, will defend and indemnify Licensee from all claims that the Software and Related Materials furnished under this Agreement infringe a U.S. Copyright, provided that Licensee gives ESRI prompt written notice of such claims and permits ESRI the sole right to control the defense of all such claims and provides ESRI all reasonable cooperation.

As to any Software and Related Materials which are or in the opinion of ESRI may become subject to a claim of infringement, ESRI, at its option, will obtain the right for Licensee to continue using the Software and Related Materials or replace or modify the Software and Related Materials so as to make them noninfringing. If none of the alternatives are available on commercially reasonable terms then Licensee agrees to return the Software and Related Materials upon ESRI's written request.

ESRI will not indemnify or defend Licensee from any infringement claim resulting from Licensee's modification or alteration of any Software and Related Materials.

This section states ESRI's entire obligation to Licensee and Licensee's sole and exclusive remedy for copyright infringement.

Export Regulations: Licensee acknowledges that this Agreement and the performance thereof are subject to compliance with any and all applicable United States laws, regulations, or orders relating to the export of computer software or know-how relating thereto. ESRI® Software and Related Materials have been determined to be Technical Data under United States export laws. Licensee agrees to comply with all laws, regulations, and orders of the United States in regard to any export of such Technical Data. Licensee agrees not to disclose or re-export any Technical Data received under this Agreement in or to any countries for which the United States government requires an export license or other supporting documentation at the time of export or transfer, unless Licensee has obtained prior written authorization from ESRI and the U.S. Office of Export Control. The countries restricted at the time of this Agreement are Cuba, Iraq, Libya, Montenegro, North Korea, and Serbia.

Severability: If any provision(s) of this Agreement shall be held to be invalid, illegal, or unenforceable by a court or other tribunal of competent jurisdiction, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

No Implied Waivers: No failure or delay by ESRI in enforcing any right or remedy under this Agreement shall be construed as a waiver of any future or other exercise of such right or remedy by ESRI.

ESRI is a registered trademark of Environmental Systems Research Institute, Inc.

Order of Precedence: Any conflict between the terms of this License Agreement and any Purchase Order or other terms shall be resolved in favor of the terms of this License Agreement.

Additional Software Licenses: Additional ARC/INFO or extension software licenses may be ordered without signed amendments provided the following language is incorporated in the signed Purchase Order: "By accepting this order, both parties agree to amend the Master Software License Agreement Number _____ between _____ and Environmental Systems Research Institute, Inc. (ESRI), dated [insert Master Software License Agreement date], which is incorporated herein by reference, to include the above software licenses, which are hereby licensed under the same terms and conditions."

Governing Law: This Agreement, entered into in the County of San Bernardino, shall be construed and enforced in accordance with, and be governed by, the laws of the State of California without reference to conflict of laws principles. The parties hereby consent to the personal jurisdiction of the courts of this county and waive their rights to change venue.

Entire Agreement and Amendments: This Agreement and the Attachments, which are incorporated by reference, constitute the sole and entire agreement of the parties as to the matter set forth herein and supersede any previous agreements, understandings, and arrangements between the parties relating hereto. Except as otherwise expressly provided herein, any Amendments to this Agreement must be in writing and signed by an authorized representative of each party. The attachments are as follows:

Attachment A—Registered Client Information
Attachment B—Licensed Configuration

IN WITNESS WHEREOF, the parties hereto have executed this Agreement to be effective, valid, and binding upon the parties as of the date below as executed by their duly authorized representatives.

ATTACHMENT B ESRI Software License Agreement

This is a license agreement and not an agreement for sale. This license agreement (Agreement) is between the end user (Licensee) and Environmental Systems Research Institute, Inc. (ESRI), and gives Licensee certain limited rights to use the proprietary ESRI® desktop software, on-line and/or hard-copy documentation and user guides, and software keycode or hardware key, as applicable (hereinafter referred to as "Software and Related Materials"). All rights not specifically granted in this Agreement are reserved to ESRI.

Reservation of Ownership and Grant of License: ESRI retains exclusive title and ownership of the copy of the Software and Related Materials licensed under this Agreement and, hereby, grants to Licensee a personal, nonexclusive, nontransferable license to use the Software and Related Materials based on the terms and conditions of this Agreement. From the date of receipt, Licensee agrees to use reasonable effort to protect the Software and Related Materials from unauthorized use, reproduction, distribution, or publication.

Copyright: The Software and Related Materials are owned by ESRI and its third-party licensor(s) and are protected by United States copyright laws and applicable international laws, treaties, and/or conventions. Licensee agrees not to export the Software and Related Materials into a country that does not have copyright laws that will protect ESRI's proprietary rights. Licensee may claim copyright ownership in the Simple Macro Language (SML™) macros, AutoLISP® scripts, and/or Avenue™ scripts developed by Licensee using the respective macro and/or scripting language.

Permitted Uses:

- Licensee may use the number of copies of the Software and Related Materials for which license fees have been paid on the computer system(s) and/or specific computer network(s) for Licensee's own internal use. If the Software and Related Materials contain dual media (i.e., both 3.5-inch diskettes and CD-ROM), then Licensee may only use one (1) set of the dual media provided. Licensee may not use the other media on another computer system(s) and/or specific computer network(s), or loan, rent, lease, or transfer the other media to another user.
- Licensee may install the number of copies of the Software and Related Materials for which license fees have been paid onto the permanent storage device(s) on the computer system(s) and/or specific computer network(s).
- Licensee may make routine computer backups but only one (1) copy of the Software and Related Materials for archival purposes during the term of this Agreement unless the right to make additional copies is granted to Licensee in writing by ESRI.
- Licensee may use, copy, alter, modify, merge, reproduce, and/or create derivative works of the on-line documentation for Licensee's own internal use. The portions of the on-line documentation merged with other software, hard copy, and/or digital materials shall continue to be subject to the terms and conditions of this Agreement and shall provide the following copyright attribution notice acknowledging ESRI's proprietary rights in the on-line documentation: "Portions of this document include intellectual property of ESRI and are used herein by permission. Copyright © 199_ Environmental Systems Research Institute, Inc. All Rights Reserved."

Uses Not Permitted:

- Licensee shall not sell, rent, lease, sublicense, lend, assign, time-share, or transfer, in whole or in part, or provide unlicensed third parties access to prior or present versions of the Software and Related Materials, any updates, or Licensee's rights under this Agreement.
- Licensee shall not reverse engineer, decompile, or disassemble the Software, or make any attempt to unlock or bypass the software keycode and/or hardware key used, as applicable, subject to local law.
- Licensee shall not make additional copies of the Software and/or Related Materials beyond that described in the Permitted Uses section above.
- Licensee shall not remove or obscure any ESRI copyright or trademark notices.

Term: The license granted by this Agreement is for a term of three (3) years, which will be automatically renewed for subsequent three (3) year terms at no additional license fee, subject to ESRI's then-current licensing policies. The Agreement shall automatically terminate without notice if Licensee fails to comply with any provision of this Agreement. Licensee shall then return to ESRI the Software, Related Materials, updates, and any whole or partial copies, codes, modifications, and merged portions in any form. The parties hereby agree that all provisions which operate to protect the rights of ESRI shall remain in force should breach occur.

Limited Warranty: ESRI warrants that the media upon which the Software and Related Materials are provided will be free from defects in materials and workmanship under normal use and service for a period of ninety (90) days from the date of receipt.

EXCEPT FOR THE ABOVE EXPRESS LIMITED WARRANTIES, THE SOFTWARE AND RELATED MATERIALS CONTAINED THEREIN ARE PROVIDED "AS IS," WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

The sample data are provided for tutorial purposes only and should not be relied upon for any purpose.

Exclusive Remedy and Limitation of Liability: During the warranty period, ESRI's entire liability and Licensee's exclusive remedy shall be the return of the license fee paid for the Software and Related Materials in accordance with the ESRI Customer Assurance Program for the Software and Related Materials that do not meet ESRI's Limited Warranty and that are returned to ESRI or its dealers with a copy of Licensee's proof of payment.

ESRI shall not be liable for indirect, special, incidental, or consequential damages related to Licensee's use of the Software and Related Materials, even if ESRI is advised of the possibility of such damage.

Waivers: No failure or delay by ESRI in enforcing any right or remedy under this Agreement shall be construed as a waiver of any future or other exercise of such right or remedy by ESRI.

Order of Precedence: Any conflict between the terms of this Agreement and any FAR, DFAR, purchase order, or other terms shall be resolved in favor of the terms expressed in this Agreement, subject to the U.S. Government's minimum rights unless agreed otherwise.

Export Regulations: Licensee acknowledges that this Agreement and the performance thereof are subject to compliance with any and all applicable United States laws, regulations, or orders relating to the export of computer software or know-how relating thereto. ESRI Software and Related Materials have been determined to be Technical Data under United States export laws. Licensee agrees to comply with all laws, regulations, and orders of the United States in regard to any export of such Technical Data. Licensee agrees not to disclose or re-export any Technical Data received under this Agreement to or to any countries for which the United States Government requires an export license or other supporting documentation at the time of export or transfer, unless Licensee has obtained prior written authorization from ESRI and the U.S. Office of Export Control. The countries restricted at the time of this Agreement are Cuba, Iraq, Libya, Mozambique, North Korea, and Serbia.

U.S. Government Restricted Rights: Use, duplication, and disclosure by the U.S. Government is subject to restrictions as set forth in FAR §52.227-14 Alternate III (j)(3) (JUN 1987), FAR §52.227-19 (JUN 1987), or DFARS §252.227-7013 (c)(1)(ii) (OCT 1988), as applicable. Contractor/Manufacturer is Environmental Systems Research Institute, Inc., 380 New York Street, Redlands, California 92373 USA.

Governing Law: This Agreement is governed by the laws of the United States of America and the State of California without reference to conflict of laws principles.

Entire Agreement: The parties agree that this constitutes the sole and entire agreement of the parties as to the matter set forth herein and supersedes any previous agreements, understandings, and arrangements between the parties relating hereto and is effective, valid, and binding upon the parties.
