AVIGATION EASEMENT

ANDREW LIENTEY, (hereinafter called "Grantor") is the owner in fee of certain real property located in the City of Redlands, County of San Bernardino, State of California, and which is more particularly described in Exhibit "A" attached hereto and incorporated herein by this reference, (hereinafter the "Servient Tenement.")

For valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Grantor for itself, its heirs, administrators, executors, successors and assigns, does hereby grant and convey to the City of Redlands, California (hereinafter "Grantee"), its successors, assigns, lessees, sublessees, licensees and invitees, for the use and benefit of the public, an avigation easement appurtenant to the Redlands Municipal Airport (hereinafter the "Dominant Tenement"), for the free and unobstructed passage of all aircraft ("aircraft" being defined for the purposes of this instrument as any contrivance now known or hereafter invented, used or designed for navigation of, or flight in, the air), by whomsoever owned and operated, in the airspace over, through, across and adjacent to the Servient Tenement, together with the right to cause in such airspace noise, sound or shock waves, vibrations, odors, fumes, dust, fuel particles, smoke, light, thermal waves, air quality changes and other results transmitted from the operation of aircraft of all types now known or hereafter designed and used for navigation of, or flight in, the air, by reason of any use ancillary or incidental to the operation of the Dominant Tenement and by reason of any operational incidental effects thereof, including such as may occur in and from take-off, landing and approach patterns into and from the Dominant Tenement until the Dominant Tenement shall be abandoned and shall cease to be used for public airport purposes, it being understood and agreed that these covenants and agreements shall run with the land.

Grantor, for itself, its heirs, administrators, executors, successors and assigns, does hereby waive, and release any right or cause of action which it may now have or which it may have in the future against Grantee, its successors and assigns, due to such noise, sound or shock waves, vibrations, odors, fumes, dust, fuel particles, smoke, light, thermal waves, air quality changes and other results in said airspace that may be caused or may have been caused by the operation of aircraft of all types now known or hereafter designed and used for navigation of, or flight in, the air, by reason of any use ancillary or incidental to the operation of the Dominant Tenement and by reason of any operational incidental effects thereof including such as may

occur in and from take-off, land and approach patterns into and from the Dominant Tenement. This waiver and release includes, but shall not be limited to, claims, known or unknown, for damages for physical or emotional injuries, discomfort, inconvenience, property damage, death, interference with use and enjoyment of property, diminution of property values, nuisance or inverse condemnation, or for injunctive or other extraordinary or equitable relief. Grantor, for itself, its heirs, administrators, executors, successors and assigns, agrees that Grantee shall have no duty to avoid or mitigate such damages by, without limitation, setting aside or condemning buffer lands, rerouting air traffic, erecting sound or other barriers, establishing curfews, noise or by enacting other regulations. Grantor acknowledges and agrees that this waiver applies to all claims for injuries, damages or losses to Grantor's person and property, real or personal, (whether those injuries, damages, or losses are known or unknown, foreseen or unforeseen, or patent or latent) that Grantor may have against Grantee, and Grantor hereby waives application of California Civil Code Section 1542. That Section reads:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM MUST HAVE MATERIALLY AFFECTED HIS SETTLEMENT WITH THE DEBTOR."

Grantor, for itself, its heirs, administrators, executors, successors and assigns, shall not construct or permit the construction or growth of any structure, tree or other object that obstructs or interferes with the use of the rights herein granted, or that creates electrical interference with radio communication between any installation within said airport and aircraft, or to cause difficulty for pilots to distinguish between airport lights and other lights, or to impair visibility in the vicinity of said airport, or to otherwise endanger the land, take-off or maneuvering of aircraft. Grantor, for itself, its heirs, administrators, executors, successors and assigns, agrees that Grantee shall have the right to mark and light as obstructions to air navigation any such building, structure, tree or other object now upon, or that in the future may be upon the Servient Tenement, together with the right of ingress to, egress from and passage over and within the Servient Tenement for the purpose of accomplishing such marking and lighting.

Executed this 12 day of December , 2000.
