The minutes of the regular meeting of September 21, 1976, were approved as submitted.

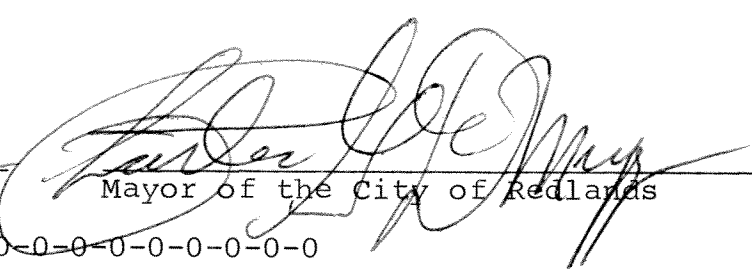

Mr. Mitchell presented Mr. Andy McTigue who addressed the Redevelopment Agency with a request for financial assistance from the City in running a cable for Cable Television into the Redlands Mall. Televents plans to run the cable across Eureka Street and into the Harris' building for news services, advertising, and public notices. This was discussed at length, and Council concluded that financial assistance to Televents would be supporting private industry and would not be a legal use of Redevelopment Funds. Council did agree to give an easement for the installation of this, if necessary. On motion of Member Miller, seconded by Member Elliott, the Agency denied any financial assistance in this endeavor, but agreed to furnish an easement as described, if necessary, across the area described. Dr. Miller expressed concern about water coming down State Street and directly into the entrance of the Mall. Mr. Shefchik replied that a pipe is being installed at this time to carry away water drainage.

There being no further business, the meeting adjourned on motion, to an adjourned meeting on October 12, 1976, at 2:00 P.M.

Next regular meeting, October 19, 1976.

ATTEST:
