This being the time and place advertised for a public hearing on Ordinance No. 1298, an ordinance of the City of Redlands establishing the zoning of Annexation No. 25, Mayor Burroughs at this time declared the meeting open as a public hearing of any protests or comment relative to the proposed ordinance. ORAL PETITIONS

C-Air
 Report

Mr. R. G. Foster of Long Beach addressed the Council in behalf of C-Air, Inc., stating that in the first seven weeks of its flying service to Redlands the firm had lost in excess of \$15,000.00. Between July 15 and July 31, C-Air made 374 flights and carried only 724 passengers. The firm has now cut the number of flights and rearranged its schedule in order to economize. Mr. Foster requests a cash subsidy from the City; additional assistance from the Chamber of Commerce and other civic groups; more active support from business; and the possible joining of Redlands and San Bernardino in establishing an Inland Area Airport.

Attorney Taylor advised Council that the State Constitution prohibits subsidies to private business.

Council discussed the problems outlined and stressed the overall benefits to Redlands development by the availability of such a service. Councilman Cummings recommended that the Airport Advisory Board and the Manager's Office investigate the problems and bring recommendation for means of assistance, and that REDCO be apprised of the needs of C-Air for its vigorous support throughout the area.

COMMUNICATIONS

Claim
 Francis D.
 Oakes, M.D.

City Manager Merritt read a letter from Francis D. Oakes, M.D., outlining damage to his car caused by a projecting fire hydrant. On motion of Councilman Wagner, seconded by Councilman Hartzell, the claim was denied and referred to the City's insurance carrier.

PLANNING COMMISSION RECOMMENDATIONS

As considered by the City Council at a regular meeting thereof held August 3, 1965 at 3:00 P.M.

1. R.P.C. No. 249 - Amendment No. 62 to Ordinance No. 1000

R.P.C. No. 249, amending Zoning Ordinance No. 1000 - revising Residential Estate District - was tabled on motion of Councilman Hartzell, seconded by Councilman Cummings to await the outcome of the study on the C-1 and C-2 district as applied to the Planning Ordinance.

2. Conditional Use Permit No. 103 - E. L. Zeiner

This request was first presented to the Council on December 1, 1964. It was tabled at that time to allow for study of a Mobile Homes Parks Ordinance. It is the present recommendation of the Planning Commission that this application be considered under the regulations in effect at the time the application was submitted, and that it be subject to the property development standards of the ordinance now under consideration as Amendment No. 61 to Zoning Ordinance No. 1000. Following discussion and clarification of problem areas by Attorney Davis, Councilman Hartzell moved to deny the Planning Commission recommendation and consider this application only under a new Mobile Homes Parks Ordinance. Giving Vice-mayor Hartzell the gavel, Mayor Burroughs seconded the motion.

Lengthy discussion followed the above motion, during which time Mr. Zeiner and his attorney, Mr. Rex Cranmer, answered Council's questions. The motion was defeated by the following vote:

AYES: Councilman Hartzell, Mayor Burroughs
NOES: Councilmen Wagner, Martinez, Cummings
ABSENT: None

The Council recessed for five minutes.

Following recess, Councilman Cummings moved that the Planning Commission be instructed to process the application under the then-existing Ordinance No. 1202,* subject to the property development standards in the Mobile Home Parks Ordinance at its present stage of development, and that a complete application be furnished. Motion seconded by Councilman Wagner and carried by the following vote:

AYES: Councilmen Martinez, Wagner, Cummings, Mayor Burroughs
NOES: Councilman Hartzell.
ABSENT: None

Councilman Hartzell voted NO for the reasons that this use was not permitted at the time Ordinance No. 1202 was in effect, and at the time Mr. Zeiner made his application.

3. Variance No. 124 - Paul and Elizabeth Zatske

That the request of Paul and Elizabeth Zatzke for a variance to reopen a miniature golf course located on the east side of Church Street approximately 150 feet south of Colton Avenue, C-1 District, be approved subject to all requirements as outlined in Planning Commission minutes dated July 27, 1965. On the motion of Councilman Wagner, seconded by Councilman Martinez, the recommendation of the Planning Commission was adopted by the City Council with the added provision that this variance be reviewed on a yearly basis.

Mr. Hartzell voted "No" for the reasons that 1) there was no demonstration of hardship, 2) this is not a right allowed by zone, and 3) it perpetuates a non-conforming use.*

ADVISORY COMMITTEE RECOMMENDATIONS as considered by the City Council at a regular meeting thereof held August 3, 1965.

1. That the request of Mr. M. K. Feenstra for permission to sign the improvement ordinance agreement in lieu of the installation of sidewalks as required in Commission Review and Approval No. 185 as per Ordinance No. 1000 for property known as 1705 and 1705½ West Colton Avenue be denied. The Advisory Committee recommends that a seven foot sidewalk be installed next to the curb with tree wells installed as indicated on the study map on file in the Planning Department. The Committee believes the sidewalk would serve those who park at the curb and keep cars from parking in the sidewalk area fronting the building. Sidewalks have been required for development of parcels on both sides of this street in the past; therefore, relaxation of this requirement at this time would be a step backward. On motion of Councilman Wagner, seconded by Councilman Cummings, the recommendation of the Advisory Committee was adopted by the City Council.

*See correction in Council Minutes of August 17, 1965.

ADVISORY COMMITTEE RECOMMENDATIONS (Continued)

2. That the request of Plymouth Village of Redlands for permission to sign the improvement ordinance agreement in lieu of the installation of curb, gutter and sidewalks as required in Conditional Use Permit No. 31 as per Ordinance No. 1000 for the east side of Cajon Street between Palm Avenue and Highland, be approved as it would be better to widen all of Cajon Street at one time, and the existing sidewalk is in good repair and serves its purpose at the present. The driveway approach and sidewalk within the approach area are to be replaced as per Public Works Department specifications. On motion of Councilman Cummings, seconded by Councilman Hartzell, the recommendations of the Advisory Committee was adopted by the City Council.
3. That the request of the First Assembly of God Church for permission to sign the improvement ordinance agreement in lieu of the installation of sidewalks, curb and gutter as required in Conditional Use Permit No. 91 as per Ordinance 1000 for property located on the east side of Ford Street approximately 400 feet south of Crestview road be approved for the sidewalks, as the extreme height of the adjoining bank makes their installation impractical. Curb and gutter should be installed at this time, however, as this would allow for a turn lane which will become increasingly necessary. On motion of Councilman Wagner, seconded by Councilman Martinez, the recommendation of the Advisory Committee was adopted by the City Council.
