ADVISORY COMMITTEE RECOMMENDATIONS as considered by the City Council at a regular meeting thereof held August 17, 1965.

1. That the request of Mr. M. K. Following discussion of the seven-inch step-down into the building which would develop if the sidewalks are installed in front of the pizza parlor - such step-down or ramp not being permitted in the building code - the Council reluctantly approved the recommendation of the Advisory Committee that an agreement be signed and that sidewalks be installed in the future as soon as physically possible, on motion of Councilman Wagner, seconded by Councilman Hartzell.

He expressed appreciation for the City employees' willing and cooperative efforts during the storm and in the ensuing clean-up program; reviewed the damage to City property and equipment; pointed out the needs for an accelerated flood control program for the City and a grading ordinance for the County to prevent drainage damage into the City, and stressed the problem of people dumping trash into the drainage system.

Following discussion, on motion of Councilman Hartzell, seconded by Councilman Wagner, Mayor Burroughs was authorized to direct a letter to the County Board of Supervisors requesting the adoption of a County Grading Ordinance.

Manager Merritt presented a request for additional appropriations for salary and transportation for the new position of Park Department General Foreman. \$1.88 per \$100.00 of assessed valuation was submitted for Council consideration and adopted on motion of Councilman Hartzell, seconded by Councilman Cummings. Mayor Burroughs pointed out that the financial condition of the City was stable as a result of good management and departmental economies and that the .03 increase in the levy was necessary for the expanded recreational program now in progress throughout the City.

The annual report of the A. K. Smiley Library was received and the annual report of the Park Department.

Lease Offer
Old
City Yards

The council received a lease-option offer for the old City Yard property at Texas and Oriental Streets in the amount of \$190.00 per month for the first year with option to purchase at the end of one year, at the meeting of August 3, 1965. At this time, the offer comes as a straight lease at the same price with option to renew for one year.

City Manager Merritt presented a staff study of the cost of bringing the property up to standard, and following lengthy discussion, the offer was rejected on motion of Councilman Hartzell, seconded by Councilman Cummings. Motion carried. Councilman Wagner voted "No" for the reason that he believes it is not good business for the City to allow property to lie dormant when it has a potential of income.

An easement from Alexander Theos and Roy G. Haskins to the City to erect and operate a rotating beacon on property which is adjacent to the Municipal Airport runway and just west of the Fixed Base operation hangar, accepted on motion of Councilman Wagner, seconded by Councilman Hartzell, with the City Manager authorized to execute the certificate of acceptance on behalf of the City.
