PLANNING COMMISSION RECOMMENDATIONS

As considered by the City Council at a regular meeting thereof held July 20, 1971 at 3:00 P.M.

PRESENT: Councilmen Knudsen, Miller, Sewall, Vice Mayor DeMirjyn;
Deputy City Attorney Bill Brunick

ABSENT: Mayor Cummings

1. Before entering into the regular agenda, Vice Mayor DeMirjyn explained at length to about twenty government students in the Council Chambers the activities of the Council which are considered at the afternoon Planning Commission agenda.
1. R.P.C. No. 349 - Zone Change No. 132 - Donald W. Wilcott
That R.P.C. No. 349, a resolution of the Planning Commission for adoption of Zone Change No. 132, the establishment of R-1 zoning for 42.5 acres generally bounded by Dearborn Street, the Zanja, Wabash Avenue and the Southern Pacific Railroad, be approved.
An appeal to this recommendation of the Planning Commission was filed by Donald W. Wilcott on July 15, 1971, stating that Mr. Wilcott would prefer R-2 zoning to permit development of low-cost housing, and citing the Housing Commission's goal to encourage assisted housing units in locations where there is currently little or no assisted housing.
Mr. Schindler outlined the Planning Commission's reasons for recommending R-1 rather than R-2. Council discussed the matter at great length, and suggested the possibility that PRD development could be applied in this situation.
On motion of Councilman Sewall, seconded by Councilman Miller, the Council concurred with the Planning Commission and denied the appeal; R.P.C. No. 349 was approved by the City Council, and Ordinance No. 1456, an ordinance of the City of Redlands establishing Zone Change No. 132, was presented and laid over under the rules, with public hearing thereon set for August 3, 1971 at 7:00 P.M.
2. Conditional Use Permit No. 177 - U. E. D. Corporation, Pasadena, Calif.
That the request of the U.E.D. Corporation for a Conditional Use Permit to construct a 24-unit apartment complex on property located on the south side of Pine Avenue extended approximately 200 feet west of Center Street be approved, subject to the recommendations of all departments as contained in Planning Commission minutes dated July 13, 1971. On motion of Councilman Knudsen, seconded by Councilman Sewall, this recommendation of the Planning Commission was adopted by the City Council.
3. Mobile Home Sales - Zeiner-Higdon Corporation
On motion of Councilman Miller, seconded by Councilman Sewall, approval was given to the sale of mobile homes by the Zeiner-Higdon Corporation within the Zeiner-Higdon Mobile Home Parks, with the following conditions to apply:
 1. No external advertising signs, no flags, no banners. Each unit can have combination brand, model name, and price sign not to exceed 5 square feet in area.
 2. Each unit shall be placed in an occupiable condition on an individual space.
 3. Maximum of 5 units for sale and display at any one time.
 4. No general sales for delivery beyond confines of park.
 5. Obtaining of supplemental business license.
 6. "Certificate of occupancy".

PARK COMMISSION RECOMMENDATIONSBarbecue
Units

Councilman Sewall presented a request from Acting Park Commission Chairman Leon Armantrout that the City furnish funds to purchase material for barbecues to be built in Texonia Park by the Neighbors Club. Following Council discussion, on motion of Councilman Miller, seconded by Councilman Sewall, transfer of not more than \$300 from Park Surplus Fund for four barbecue units for Texonia Park was authorized by AYE votes of all present.

Music
Festival

Councilman Sewall presented a recommendation from the Park Commission that Council consider a music festival proposed to be held in Sylvan Park on Saturday, August 28, with music furnished by local talent, from noon until closing of the park. Mr. Sewall moved that approval be given for this use of Sylvan Park, subject to conditions to be set by the Council. This motion lost for lack of a second. Mr. Sewall requested that the proponents present in the audience be allowed to speak. Vice Mayor DeMirjyn stated that the Council had demonstrated their feeling on this matter by not seconding the motion.

HOUSING COMMISSION RECOMMENDATIONSSTEP
Program

Miss Gertrude Hagum presented a request that Council authorize that one STEP slot be delegated for a person to serve in a housing office to assist in locating low-cost housing, and "assist as a central clearing place for information." The Housing Commission will provide office space and oversee this person. This will not require any City funds and will be for a thirteen-week period with possible thirteen-week extensions. Following explanation of the program by City Manager Merritt, on motion of Councilman Miller, seconded by Councilman Knudsen, authorization was given to the allotment of one STEP slot to housing service with the understanding that the City will not continue the program after the expiration of the extension.

Pedestrian
Safety
Award

At this time Vice Mayor DeMirjyn again deviated from the regular agenda to introduce Mr. Ross Corner, Regional Director for Public Safety of the Automobile Club of Southern California, and Mr. Jim Celano, local manager of the Redlands office. Mr. Celano presented Vice Mayor DeMirjyn with the Auto Club "Pedestrian Safety Citation" awarded for one year with no pedestrian fatality in the year 1970.

Mr. Celano then stated that it is usually difficult to identify an individual officer in connection with pedestrian safety, but that Officer Charles Alexander had contributed a great deal for many years in this area in Redlands. He called Mr. Alexander to the podium and awarded a plaque to him. The audience then gave Officer Alexander a standing ovation.

APPLICATIONS AND PETITIONSOutside
Sewer
Service

Mr. Richard S. Simmer addressed Council on behalf of the Adler Development Company and the Finkelstein Foundation, with a request for water and sewer services to approximately 90 acres of land which is being developed to serve the Crafton Hills College, and which lies adjacent to Yucaipa Boulevard. Following a very long presentation and an equally long Council discussion, which included the distance from the sewer plant, size of present mains, the probable political implications of extending service into Yucaipa, possible legal requirements befalling the City, complications concerning any future sewer bond sales, etc., on motion of Councilman Miller, seconded by Councilman Knudsen, the Council denied

APPLICATIONS AND PETITIONS (Continued)

this request at this time due to the City's limited capabilities to serve.

Sewer
Extension

Mr. Robert Wagner addressed Council with a request for waiver of sewer extension as required by ordinance for the property at 360 Campbell Street, owners Joseph A. and Dolores T. Klein, for the reason that this would cause a financial hardship on the owner. Following very lengthy discussion, on motion of Councilman Miller, seconded by Councilman Sewall, approval was given to the tabling of this matter at this time for staff study and recommendation of a possible agreement by AYES of all present.

COMMUNICATIONS

Councilman Sewall expressed disappointment that a breach in communication had been committed this evening by the Council in its failure to hear the proponents of the music festival, and added that the Council had dealt well with material elements but poorly with the human element.

To clarify the intent of the Council at the last meeting in the adoption of the 1971-72 Gas Tax Budget, Councilman Sewall moved that the San Mateo allotment be deleted in order to provide sufficient funds for the correction of the traffic problem at Cypress Avenue and Redlands Boulevard. AYES: Councilmen Knudsen, Miller, Sewall, Vice Mayor DeMirjyn
