Mayor Beswick called the adjourned regular meeting of the City Council to order. The purpose of this meeting was to meet with members of the Redlands Unified School District's Board of Education. Community Services Administrator Rodriguez reviewed historical joint recreation programs including the joint powers agreements which created the Redlands Recreation Commission and agreements providing for the turfing of Smiley, Lugonia, McKinley, Crafton, and Kimberly Elementary Schools.

Current programs, the mutual use of sites, and funding for these programs were described by Recreation Director Henry Bixler.

Community Services Administrator Rodriguez noted more concise written agreements are needed regarding the use and maintenance of the Clement Junior High School Tennis Courts and the maintenance of the field at Orangewood High School. He outlined future programs he is working on including a five-year plan to be used as a guide, investigating funding sources, the possibility of sharing liability insurance, and establishing a Sports Coordinating Committee which would be made up of City and School District staff.

Dr. Bryld informed the City Council that a preliminary study is in the process to show school impaction in accordance with City of Redlands Ordinance No. 1795 and should be ready for presentation in the fall.

Vice Mayor Johnson pointed out a problem with the Proposition "R" point allocations in the Schools Category with reference to the changing of school boundaries which needs to be addressed.

A brief discussion ensued regarding Proposition 18, the California Park and Recreation Facilities Bond Act of 1984, which will be on the June, 1984, ballot. Councilman Larsen moved to approve a joint resolution with the School Board supporting Proposition 18. Motion seconded by Councilman Beswick and carried by the following vote:
