Mayor Beswick and School Board President Cunningham reviewed their frustrations over the lack of funding available for the construction of school facilities. Assemblyman Leonard explained the State's viewpoint and noted that presently pending are the Governor's Plan and 48 Senate Bills. He asked for help in reviewing this legislation and solicited suggestions as to what the Redlands Unified School District desired. He also urged support of Proposition 46 which will be on the November, 1986, ballot. He advised that the Schools must know exactly what they wanted, sponsor their desires in any way they could, and noted that the "squeaky wheel" syndrome worked.

Mayor Beswick urged the School District to conduct a local analysis of pending legislation and asked the Schools for direction as to how the City Council could help. Mayor Beswick thanked Assemblyman Leonard for coming to this meeting. Mr. Leonard responded with his thanks stating we needed to pool our resources and link together as he also shared the frustration.

The City Council meeting recessed at 4:40 P.M. to a closed session for the purpose of discussing personnel matters. No report was expected following the closed session at which time the City Council adjourned to an adjourned regular meeting to be held on Thrusday, March 27, 1986, at 1:30 P.M. in the Council Chambers, 212 Brookside Avenue, in order to hold the Civics Day mock City Council meeting.

Next regular meeting, April 1, 1986.
