UNFINISHED BUSINESS

Mobilehome Rent Stabilization
Chief Building Official Dale reported that a request was made by the owner of the Orange Grove Mobilehome Estates for an amendment to our Rent Stabilization Ordinance to enable the mobilehome park owners to raise mobilehome space rents at time of a sale (change of ownership) of a mobilehome. Our ordinance provides for temporary decontrol of space rent for vacated spaces but does not make provisions for "roll-over" sold in place mobilehomes or sublease situations. The Redlands Mobilehome Park Rent Review Board recommended to Council that the Ordinance (No. 1857) remain as is through December 31, 1989.

Rick Bessire, owner of the Orange Grove Estates, urged Council to reconsider this request and explained in detail his reasons for the request. Marvin Lang, representing the Lugonia Fountains Home Owners and urged Council to oppose the request. Art Gregory explained how it is handled in the City of Riverside. Following discussion, Council concurred to direct the City Attorney to draft an ordinance amendment which would allow raising the rents no more than ten percent at the time of a sale with the stipulation that this procedure be monitored for a trial period of one year.

Ordinance No. 1982
Development Prohibition
Community Development Director Shaw explained that at the last Council meeting, Urgency Ordinance No. 1982 to extend the development moratorium in Southeast Redlands failed to receive the required four-fifths vote for adoption. Quick thinking on the spot resulted in the hasty deletion of the urgency provisions of that proposed ordinance, and a revised version of the ordinance was introduced for first reading with the understanding that a three-to-one vote would result in adoption of the ordinance following second reading. The assumption was that a four-fifths vote would be required to extend the moratorium with an urgency ordinance, but would not be required if the ordinance was not adopted as an urgency measure. Subsequent to the meeting, the City Attorney's Office has had time to carefully review Government Code Section 65858 and finds that an extension of the development moratorium would require approval of four-fifths votes of the Council regardless of whether the ordinance is adopted as an urgency ordinance. Therefore, with this new information in mind, the ordinance as originally submitted to the Council is submitted once again for further consideration in light of the City Attorney's research.

Ordinance No. 1982, an extended urgency ordinance prohibiting development approvals in southeast Redlands until adoption of the pending specific plan, was read by title only by City Clerk Poyzer, and on motion of Councilmember DeMirjyn, seconded by Councilmember Wormser, further reading of the ordinance text was waived. Ordinance No. 1982 was adopted on motion of Councilmember DeMirjyn, seconded by Councilmember Wormser, by the following vote:
