Spheres of Influence

Community Development Director Shaw presented information resulting from the City Council's identified areas of concern in our Sphere of Influence, foremost being the proposal to establish a Sphere of Influence for the newly-incorporated City of Highland which includes approximately two square miles to the east of its current boundaries (also known as Sunrise Ranch). Other areas of concern include the boundaries adjacent to Yucaipa and Loma Linda. Mr. Shaw also presented information regarding annexation procedures and processing.

Councilmember Cunningham moved to direct staff to indicate to LAFCO and the City of Highland that land beyond our existing northerly boundary that intersects with the Santa Ana River should not be included in the Highland Sphere of Influence. Motion seconded by Councilmember Wormser and carried by AYE votes of all present.

Council asked Mr. Shaw to bring back a map changing our Sphere in the Yucaipa area to include Crafton College, the frontage road along I-10, and the Live Oak Canyon area for further discussion.

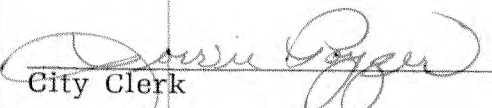

Council indicated they desired to strongly maintain the line in the area of Loma Linda. Mr. Shaw was directed to prepare a report addressing the Edison plant to the northwest, and to initiate preliminary annexation proceedings based on the East Valley Corridor Plan. Council also expressed a desire to receive further information at a future meeting regarding the southwest area north of Barton Road.

There being no further discussion, the meeting adjourned at 2:42 P.M.

Next regular meeting, June 7, 1988, at 3:00 P.M.
