MINUTES

of an adjourned regular meeting of the City Council of the City of Redlands held in the City Hall Conference Room, 30 Cajon Street, on January 10, 1989, at 3:00 P.M.

There being no quorum present, the City Clerk recessed the meeting to 3:30 P.M. on the same date.

PRESENT

Barbara C. Wormser, Mayor Pro Tem
Charles G. DeMirjyn, Councilmember
Tim Johnson, Councilmember

John E. Holmes, City Manager
Dan Rodriguez, Community Services Director
Lorrie Poyzer, City Clerk
Sheryl Oring, Redlands Daily Facts
Pamela Fitzsimmons, The Sun

ABSENT

Carole Beswick, Mayor
William E. Cunningham, Councilmember

Mayor Pro Tem Wormser called the meeting to order for study sessions on the Sanitary Landfill Expansion Feasibility Study and the Solid Waste Collection and Disposal and Street Sweeping Rate Study.

Landfill

The Economic Feasibility Study, prepared by NBS/Lowry Engineers, addressed the issues of disposal alternatives and contained the following four alternatives and their associated costs to the sanitary landfill: landfill expansion; County landfill transport disposal plan; additional lift on existing landfill and landfill expansion; and additional lift on existing landfill and use of County disposal. Councilmembers present agreed to the additional lift and indicated when this matter was scheduled on an agenda for action, they wished to only vote on this alternative and continue to study the other options. Further study must also be done for a waste-to-energy plant. The Recycling Program needs to be expanded as this will also increase the life of our existing landfill. Mayor Pro Tem noted the Public Works Commission has offered to review landfill matters since there is not a commission established for this purpose. Therefore, this study was referred to the Public Works Commission.

Rate Study

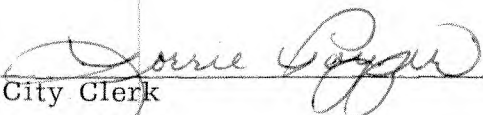

Scott Thorpe, Management Services Institute, presented supplemental information as requested by Council regarding a breakdown of total costs of the Solid Waste by type and a comparison of automated collection versus manual collection of residential routes.

On behalf of a citizens' committee, Claude Johnson presented proposed modifications to provide a once-a-week collection option at a reduced rate; quick removal of containers from the streets, an optional setout service, and sideyard recycling service. These proposals, presented in writing, will be studied by staff.

There being no further business, the meeting adjourned at 4:45 P.M. to an adjourned regular meeting to be held on Friday, January 13, 1989, at 7:30 A.M. at Griswolds Smorgasbord to meet with members of the City Council of the City of Highland.

Next regular meeting, January 17, 1989.

ATTEST:

City Clerk

Mayor Pro Tem, City of Redlands
