PRESENT

Charles G. DeMirjyn, Mayor
Swen Larson, Mayor Pro Tem
William E. Cunningham, Councilmember
Dee Ann Milson, Councilmember
Jim Foster, Councilmember

Jeffrey L. Shaw, Community Development Director
Lorrie Poyzer, City Clerk
Ted Thomaidis, Redlands Daily Facts

ABSENT

None

General Plan - Noise Element - Community Development Director Shaw opened the meeting noting that on March 16, 1993, the City Council received an overview of the Noise Element and considered testimony from John J. Van Houten, a noise consultant, regarding noise issues. No specific direction was provided by City Council; however, it was agreed that review of the Noise Element and discussions with the noise consultant should be continued to an evening session. The principal policy issue regarding noise pertains to what constitutes an acceptable level of noise for the community. The General Plan Committee took specific actions to reduce what are considered acceptable levels by DBA within the Noise-Land Use Compatibility Matrix. Related policies were likewise adjusted. The Planning Commission generally concurred with the General Plan Committee action. Mr. Van Houten reviewed the information he presented at the March 16, 1993, meeting and answered questions. Speaking from the audience were Louis Fletcher, Pat Meyer, and Dennis Hansberger. Councilmember Milson moved to utilize 60 CNEL as our standard in the General Plan. The motion was seconded by Councilmember Cunningham and carried with Councilmembers Larson and Foster voting NO.

The meeting adjourned at 7:14 P.M. to an adjourned regular meeting to be held on April 20, 1993, at 9:00 A.M. in the Redlands Plaza Conference Room, 2 East Citrus Avenue, Suite 15C, Redlands, California.

City Clerk
