3.62 OF THE REDLANDS MUNICIPAL CODE RELATING TO RATES AND
CHARGES FOR WASTEWATER SERVICES

WHEREAS, the Utilities Advisory Committee, a committee established and appointed by the City Council of the City of Redlands ("this City Council"), and City staff, have recommended to this City Council that revisions to the City's wastewater rates and charges are necessary to recover the reasonable costs the City incurs by providing wastewater service to its customers and meeting the operating expenses of the City; and

WHEREAS, the City has provided written notice by mail of the date, time and place of a public hearing on the proposed rates and charges to the record owner, and tenants, of each parcel of property on which the rate or charge is to be imposed, the specific amount of the rate or charge, the reason for the rate or charge, and the basis upon which the rate or charge was calculated; and

WHEREAS, at a duly noticed public hearing, held not less than 45 days after the mailing of notice of the proposed rates and charges, verbal and written testimony was presented to this City Council relating to the proposed revisions in the City's rates and charges for wastewater service; and

WHEREAS, at the public hearing on the proposed rates and charges, this City Council considered all protests against such rates and charges and determined that written protests against the rates and charges were not presented by a majority of owners of the parcels upon which the rates and charges are to be imposed; and
