

RESOLUTION NO. 2901

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF REDLANDS REQUESTING THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN BERNARDINO TO ESTABLISH AND OPERATE A SANITARY LANDFILL SITE IN THE REDLANDS AREA

WHEREAS the effective management of solid waste disposal is an ever mounting problem for the various municipalities in the County of San Bernardino, and

WHEREAS the location of a sanitary landfill site is dictated by many factors such as the possibility of pollution of underground water supplies, the cost and distance of the haul from the pickup point to the landfill site, and the site's compatibility with the surrounding property, and

WHEREAS the choice of appropriate locations of landfill sites fulfilling all these criteria is normally very limited within the geographical limits of a municipality, and

WHEREAS the County of San Bernardino normally has a measure of latitude in sanitary fill site selections, due to geographical factors, and

WHEREAS the City of Redlands will be in urgent need of a suitable sanitary landfill site in the Redlands area by July, 1973, and

WHEREAS no suitable sanitary landfill site location exists within the city limits of Redlands,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Redlands at its meeting of October 19, 1971, that the Supervisors of the County of San Bernardino be respectfully requested to establish and operate a sanitary landfill site in the Redlands area for the use of the City of Redlands and the adjoining cities and unincorporated county areas.

ADOPTED, SIGNED AND APPROVED this 19th day of October, 1971.

ATTEST:

Mayor of the City of Redlands

City Clerk of the
City of Redlands
