

RESOLUTION NO. 2936

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF REDLANDS REGARDING REGIONAL SEWERAGE SYSTEM OPERATIONS.

WHEREAS, the Santa Ana River Basin Regional Water Quality Control Board has adopted an Interim Water Quality Management Plan for the Santa Ana River Basin; and

WHEREAS, the State Water Resources Control Board has accepted said Plan; and

WHEREAS, said Plan designates the City of Redlands wastewater treatment plant as a regional facility to serve Santa Ana Watershed Planning Agency Operational Area 2; and

WHEREAS, said Plan incorporates modification and expansion of the City of Redlands wastewater treatment plant to provide treatment capacity to serve Operational Area 2; and

WHEREAS, said Plan establishes the modification and expansion of Redlands wastewater treatment facilities as a high priority project for receipt of State and Federal grants in an amount equalling 80 per cent of total construction costs.

NOW THEREFORE, BE IT HEREBY RESOLVED by the City Council of the City of Redlands as follows:

1. Following completion of wastewater treatment facilities of adequate capacity, the City of Redlands will continue to operate a regional sewerage system to serve Operational Area 2.
2. Service will be provided to areas of developing sewerage needs within Operational Area 2 and newly developing areas within the City, on a fair and equitable basis, subject to reasonable service charges and requirements established by the City Council.
3. Chemical toilet wastes and septic tank pumpings generated within Operational Area 2 will be accepted for treatment and/or disposal by the City of Redlands at such fair and equitable cost as may be established by the City Council.

ADOPTED, SIGNED AND APPROVED this 21st day of March, 1972.

Mayor of the City of Redlands
